

# INDEX TO VOLUME 74

## A

- TRYGVE N., and NILSON, ARNE E.:** Ureterocele in adults. Clinical and roentgenographic follow up (ab), April, 689
- WILLIAM E. See KRIEGER, HARVEY**
- See also under names of abdominal organs and structures**
- value of cavography in diagnosis and treatment of retroperitoneal metastases from testicular tumors (ab), G. Notter and C. G. Helander, Jan., 155**
- plant air cyst of abdomen: unusual manifestation of diverticulitis of sigmoid; case (ab), Robert H. Frankenfeld et al, May, 874**
- roentgenography**
- plain film survey of abdomen (ab), I. Patricia Waugh, April, 690**
- therapeutic abortion on account of x-ray examination during pregnancy (ab), Erling Hammer-Jacobsen, May, 887**
- tumors**
- Budd-Chiari's syndrome diagnosed by means of phlebography in case of retroperitoneal sarcoma (ab), Maj Levander and Jan Pontén, Feb., 340**
- role of splenoportography in diagnosis of epigastric tumors (ab), J. Rösch, Feb., 333**
- ABNORMALITIES AND DEFORMITIES. See Ectodermal Defect; under organs and regions**
- therapeutic abortion on account of x-ray examination during pregnancy (ab), Erling Hammer-Jacobsen, May, 887**
- ABRAV, JACOB. See CULINER, MORRIS M.**
- ACCURACY**
- chest x-rays: analysis of data from reading and re-reading (ab), William Seeman, Jan., 138**
- gastro-duodenal x-ray diagnosis: comparison of radiographic technics and interpretations, Lewis E. Etter, James P. Dunn, Adolph G. Kammer, Leslie H. Osmond and Lewis C. Reese, May, 766**
- studies on accuracy of diagnostic procedures (ab), L. Henry Garland, May, 880**
- ACETABULUM**
- os protrusa: contribution to radiologic study of some malformations of hip (ab), Gianluigi Buraggi, March, 512**
- ACTATES**
- stimulation of cholesterol biosynthesis from acetate in rat liver and adrenals by whole-body x-irradiation (ab), R. Gordon Gould et al, April, 700**
- ACTRIZOATE. See Fallopiian Tubes, roentgenography**
- ACETYLCHOLINE**
- combination of vasodilators and radiation in experimental tumor therapy, Morton M. Kligerman, Fred M. Palace, Dora Kyryk and Harold L. Atkins, Jan., 94**
- ACHONDROPLASIA**
- achondroplasia (achondroplasia) of fetus in obstetrics (ab), Vishnu Sarma, June, 1001**
- metaphyseal chondrodysplasia of Jansen (ab), Peter B. Gram et al, May, 876**
- ACID**
- amino. See Amino Acids**
- deoxyribonucleic. See Nucleins**
- fatty**
- blood absorptive patterns of isotopically-labeled fat and fatty acid (ab), Donald Berkowitz et al, Jan., 164**
- changes of polyene fatty acid synthesis of skin lipids after roentgen irradiation (ab), K. Bernhard et al, May, 888**
- iodobenzoic**
- carotid angiography with tri-iodobenzoic acid derivatives: comparative experimental study of effects on systemic circulation in cats (ab), Percy Lindgren, March, 498**
- uronic. See Gallbladder, roentgenography**
- ADAPACUA, ROBERTO. See BIGO, ALDO**
- ADIPATE-OSTEOLYSIS. See Osteolysis**
- ADAMS, FORREST H. See MOSS, ARTHUR J.**
- ADAMS, GAIL D.:** On measuring exposure dose in phantoms with thimble chambers, Jan., 108
- ADAMS, PAUL, Jr. See AMPLATZ, KURT**
- ADENOMA. See Intestines, tumors; Lungs, tumors; Pituitary Body, tumors.**
- ADENOMATOSIS. See Lungs, tumors**
- ADRENALS**
- persistent lactation associated with pituitary tumor and hyperadrenal corticisms; successfully treated with pituitary radiation (ab), Marvin E. Levin et al, May, 881**
- stimulation of cholesterol biosynthesis from acetate in rat liver and adrenals by whole-body x-irradiation (ab), R. Gordon Gould et al, April, 700**
- ADRENOCORTICAL PREPARATIONS**
- cortisone and x-ray treatment of Hand-Schüller-Christian's syndrome (ab), Jørgen Røjel and Viggo Lund, April, 694**
- experimental studies concerning action of cortisone derivatives on radiation-induced edema of larynx (ab), Peter Krahl and Erwin Maier, May, 888**
- intravenous hydrocortisone in treatment of severe urographic reactions (ab), F. W. Wright, March, 516**

## AET

- comparative effects of intraperitoneal and oral administration of AET on survival of x-irradiated rats (ab), Rodney L. Preston et al, June, 1011**
- effect of AET (5, 2b-Aminoethylisothiuronium.Br.HBr) and MEG (2-mercaptoethylguanidine) on rat thyroid I<sup>131</sup> uptake, M. S. Potts and Yosh Maruyama, Jan., 74**
- AGE. See Old Age**
- AGNEW, COLVIN H.:** Accidental radiation dermatitis (ab), April, 697
- COOLEY, ROBERT N., DERRICK, JOHN, and BEENTJEES, LUCAS:** Technical considerations of selective arteriography, Jan., 81
- D'ACOSTINO, A., and GARIBALDI, G.:** Roentgen diagnosis of meconium ileus (ab), June, 993
- AGOSTINO, DOMENICO, and NICKSON, JAMES J.:** Pre-operative x-ray therapy in a simulated colon carcinoma in the rat, May, 816
- AHLGREN, SVEN-ARNE:** "Spontaneous healing" of spondylolisthesis (ab), May, 878
- AKERS, DAVID R. See ALLEN, R. PARKER**
- ALDEN, HERBERT S., WEENS, H. STEPHEN, and YOUNG, HARRY D.:** Observations on radiation exposure in dermatologic x-ray therapy (ab), May, 887
- ALIMENTARY TRACT. See Gastrointestinal Tract**
- ALLEN, H. H. See LOVE, E. J.**
- ALLEN, R. PARKER, AKERS, DAVID R., and SHOPFNER, CHARLES E.:** Midgut volvulus, May, 784
- ALLEN, W. M. C. See ASHWORTH, BRYAN**
- ALTMAN, DONALD H. See WALLS, WILLIAM L.**
- ALVEOLAR-CELL TUMORS. See Lungs, tumors**
- do AMARAL, EDUARDO GIRAÔ:** Arteriography in bone diseases (ab), March, 510
- AMATO, CHARLES. See MALSKY, STANLEY J.**
- AMBERG, JOHN R., GIPSON, EDGAR N., MARGULIS, ALEXANDER R., and RIGLER, LEO G.:** Yield of gastric carcinoma from radiologic screening (ab), April, 680
- AMERICAN BOARD OF HEALTH PHYSICS**
- American Board of Health Physics to certify experts in radiation protection, May, 838**
- AMERICAN BOARD OF RADIOLOGY**
- dates for Fall 1960 examinations, May, 837**
- AMERICAN COLLEGE OF RADIOLOGY**
- award of merit from American Society of Association Executives, Jan., 120**
- gold medals awarded to Dr. L. Henry Garland and Lawrence Reynolds, May, 837**
- officers for 1960-61, May, 837**
- AMERICAN SOCIETY OF X-RAY TECHNICIANS, Jan., 121**
- AMINO ACIDS**
- autoradiographic study of tumor dynamics (using radio-active amino acid) (ab), James C. Reid and Julius White, Feb., 348**
- AMMONIUM COMPOUNDS**
- intravenous Pro-Banthine in diagnostic radiology of gastrointestinal tract, with special reference to colonic disease (ab), K. Lumsden and S. C. Truelove, June, 993**
- AMNIOGRAPHY. See Amniotic Fluid**
- AMNION**
- See also Amniotic Fluid**
- some prompt and delayed effects of x-rays on growth of human amnion cells (strain FL) in tissue culture (ab), Henry I. Kohn and Jørgen E. Fogh, June, 1010**
- AMNIOTIC FLUID**
- diagnostic possibilities of amniography (ab), A. Tetti and A. Barbanti, March, 513**
- AMPLATZ, KURT:** A cardiovascular injector, Jan., 79
- LESTER, RICHARD G., SCHIEBLER, GEROLD L., ADAMS, PAUL, Jr., and ANDERSON, RAY C.:** The roentgenologic features of Ebstein's anomaly of the tricuspid valve (ab), March, 501
- ANAND, A. L. See PATEL, C. V.**
- ANAPHYLAXIS AND ALLERGY**
- roentgenological contributions to diagnosis of gastrointestinal allergies (ab), F. Tiemann and H. Lenz, Jan., 148**
- urticaria of gastric mucosa with massive hemorrhage following oral penicillin anaphylaxis (ab), S. P. Bralow and L. S. Girsch, June, 992**
- ANDERLE, SONIA K. See HAMMOND, CAROLYN W.**
- ANDERSON, RAY C. See AMPLATZ, KURT**
- ANDRESEN, RICHARD H., MONROE, CLARENCE W., MADDEN, DOROTHY, SQUIRE, FAY H., and HASS, GEORGE M.:** Tissue reactions to autologous and homologous musculofascial grafts. I. Effect of exposure of grafts in vitro to x-radiation before transplantation (ab), Jan., 173
- ANDREWS, ALBERT H., Jr., JENSIK, ROBERT, and PEISTERER, WILLIAM H.:** Fluoroscopic pulmonary densiography (ab), Feb., 323
- ANDREWS, GEORGE C. and DOMONKOS, ANTHONY N.:** Reduction of gonadal dose in dermatologic radiotherapy (ab), May, 887
- ANDREWS, J. ROBERT, and SNEIDER, STANLEY E.:** The modification of the radiation response (ab), Jan., 160
- See RUBIN, PHILIP**

**ANDREWS, NEIL C.** See **WILT, KENNETH E.****ANDROGENS**

- x-ray effects on mitotic activity of accessory sex organs of castrate rats stimulated by testosterone propionate (ab), John H. D. Bryan and John W. Gowen, June, 1010

**ANEMIA**

- pathogenesis of anemia in case of nontropical sprue: study made using radioactively labeled vitamin B<sub>12</sub> and radiochromium (ab), E. Richard Ensrud et al, April, 696

**ANESTHESIA**

- hazards with local anesthetics during bronchography and bronchoscopy (ab), Samir Kumar Gupta, Jan., 142

**ANEURYSM****aortic**

- aneurysm of descending thoracic aorta with unique electrocardiogram (ab), M. G. Varadarajan, Jan., 145
- communication between anterior aortic sinus and right ventricle diagnosed by thoracic aortography (ab), Jan Philipson and Georg-Fredrik Saltzman, Feb., 326
- demonstration of aneurysms of abdominal aorta by catheter method (ab), W. Porstmann, Jan., 145
- retrograde aortography in acute dissecting aneurysm of aorta (ab), C. R. Savage, Feb., 325
- roentgen findings in aneurysm of descending thoracic aorta (ab), James G. Davis and Philip Winsor, April, 677
- simulated dissecting aneurysm; case (ab), Leonard C. Doubleday, April, 677

**arteriovenous.** See **Fistula, arteriovenous****carotid**

- dissecting aneurysms of carotid artery following arteriography (ab), J. F. Ross Fleming and Andrew M. Park, Jan., 146

**cerebral.** See **Aneurysm, intracranial****hepatic**

- hematemesis associated with hemobilia; case due to intrahepatic-artery aneurysm, with survival (ab), Albert G. Mackay and H. Gordon Page, Jan., 150

**intracranial**

- cerebral vasospasm in angiography for intracranial aneurysms: incidence and significance in 100 consecutive angiograms (ab), Thomas M. Fletcher et al, May, 864
- oblique views: their place in the arteriographic diagnosis of intracranial aneurysms (ab), J. S. Boyd-Wilson, April, 666

**pulmonary**

- aneurysm of pulmonary artery; case diagnosed by angiocardiology and explored surgically (ab), J. M. Reid and J. G. Stevenson, May, 871

**ANGEL, RONALD W., and BENSON, D. FRANK:** Normal air encephalogram in patients with tumor of the brain. Report of 8 cases (ab), May, 863

**ANGIOCARDIOGRAPHY.** See **Cardiovascular System; Heart, abnormalities; Heart, tumors; Lungs, cancer**

**ANGIOGRAPHY.** See **Aorta; Arteries; Blood Vessels; Brain; Extremities; Lungs; etc.**

**ANGIOPHROGRAPHY.** See **Kidneys, blood supply**

**ANILYAN, WILLIAM G.** See **FABRIKANT, JACOB I.**

**de ANQUIN, CARLOS E.:** Spina bifida occulta with engagement of the fifth lumbar spinous process. A cause of low back pain and sciatica (ab), June, 998

**ANTIBODIES.** See **Antigens and Antibodies**

**ANTIGENS AND ANTIBODIES**

- effects of total-body irradiation on production of antibody in man (ab), Irwin L. Stoll et al, April, 698

**ANTI-HISTAMINIC AGENTS**

- use of Chlor-trimeton with Miokon in intravenous urography (ab), Owen W. Doyle, April, 688

**ANTRUM.** See **Stomach**

**ANTRUM OF HIGHMORE.** See **Maxillary Sinus**

**AORTA**

- irradiation injury to aorta and lung (ab), Elizabeth Thomas and Wiley D. Forbes, Feb., 350

**abnormalities**

- development and anomalies of aortic arch and its branches, with report of case of right cervical aortic arch and intrathoracic vascular ring (ab), H. R. S. Harley, March, 502

- kinking of aortic arch (ab), Paul Ross, April, 675

**aneurysm.** See **Aneurysm, aortic**

**coarctation**

- growth of normal aorta and of the anastomotic site in infants following surgical resection of coarctation of aorta (ab), Arthur J. Moss et al, Jan., 145

**roentgenography.** See also **Aneurysm, aortic; other subheads under Aorta**

- aortic configuration in congenital heart disease, Eugene C. Klatte, John A. Campbell and Paul R. Lurie, April, 555

- aortography and peripheral arteriography: analysis of results in a university medical center (ab), John H. Foster and Duncan A. Killen, March, 503

- cine-aortography for visualization of aortic valve and coronary arteries (ab), Graeme Sloman, April, 676

- evaluation of newer opacification media: diatrizoate and diatrizoate (ab), Theodore B. Massell et al, Jan., 144

- experiences in aortography by femoral artery catheterization with Seldinger catheter (ab), B. F. Vaughan, April, 676

- inferior mesenteric artery occlusion following lumbar aortography (ab), R. F. C. McDowell and I. D. Thompson, March, 503

- intralobar bronchopulmonary sequestration in children: diagnosis by intrathoracic aortography (ab), Artemis P. Simopoulos et al, April, 672

- intramural aortic dissection as complication of translumbar aortography (ab), Earl F. Wolfman, Jr., and D. E. Boblitt, Feb., 326

- new technic of contrast visualization of distal aorta, pelvic and lower extremity arterial system in obliterative vascular disease (ab), Billy P. Sammons and H. Paul Mahin, April, 677

- retrograde aortography in corrected transposition of great vessels (ab), Otto G. Thilenius et al, June, 989

- retrograde aortography under controlled hypotension (ab), F. Pinet et al, Jan., 143

- roentgen signs of contrast material dissection of aortic wall in direct aortography (ab), Delbert E. Boblitt et al, April, 677

- separate angiography of aortic branches with percutaneous catheter insertion: indications and results (ab), G. Gollmann, Jan., 146

- simultaneous aortography and arteriography (ab), S. Masy et al, Jan., 143

- thoracic aortography in infants and children (ab), Robert S. Cartwright and S. Richard Bauersfeld, June, 988

**syphilis**

- radiological features of syphilitic aortic incompetence (ab), W. G. Smith and J. C. Leonard, Feb., 325

**AORTIC VALVE**

- cine-aortography for visualization of aortic valve and coronary arteries (ab), Graeme Sloman, April, 676

**AORTOGRAPHY.** See **Aneurysm, aortic; Aorta, roentgenography**

**APPARATUS.** See **Counters and Counting; Roentgen Rays, apparatus; etc.**

**APPLICATORS.** See **Radioactivity**

**ARACHNODACTYLIA**

- arachnoidactyly heart (ab), F. S. P. van Buchem, April, 675

**ARCOMANO, JOSEPH P., BARNETT, JAMES C., and IMMERMANN, LEWIS L.:** Orablix: a new cholecystocholangiographic medium. Its use in visualizing the nonvisualized gallbladder and in oral cholangiography (ab), April, 683

**ARDRAN, G. M., KELLEHER, W. HOWLETT, and KEMP, F. H.:** Cine-radiographic studies of glossopharyngeal breathing (ab), March, 498

**ARHINENCEPHALY.** See **Brain, abnormalities**

**ARMS**

- lymphangiosarcoma occurring in association with lymphedema (ab), H. F. Hope-Stone and E. A. Bence, Feb., 344

**ARNER, ORED, EDHOLM, PAUL, and ÖDMAN, PER:** Percutaneous selective angiography of the internal mammary artery (ab), April, 679

**ARNULF, G.:** Practical value of lymphography of the extremities (ab), March, 516

**ARONSON, ALAN R., and DARLING, DONALD R.:** Carcinoma at the margin of the gastrojejunostomy. Postoperative of the literature and report of a case (ab), March, 508

**ARSENIC, RADIOACTIVE.** See **Radioactivity, radioarsenic**

**ARTERIA LUSORIA.** See **Arteries, subclavian**

**ARTERIES**

- See also **Aneurysm; Aorta; Arteriosclerosis; Blood Vessels; Cardiovascular System; Lungs, blood supply; etc.**

- tensile strength of irradiated freeze-dried arterial grafts (ab), T. Horne et al, Jan., 174

**carotid.** See also **Arteriosclerosis**

- angiographic study of carotid insufficiency and cerebral ischemia (ab), Marvin M. Keirns and John E. White-leather, June, 982

- carotid angiography with tri-iodobenzoic acid derivatives: comparative experimental study of effects on systemic circulation in cats (ab), Percy Lindgren, March, 498

- carotid body tumors, with case presentation and angiographic demonstration (ab), J. A. Myburgh and M. E. Berk, Feb., 319

- infundibular widening of posterior communicating artery studied by carotid angiography (ab), Georg-Fredrik Saltzman, April, 666

- occlusive disease of carotid arteries (ab), Allen Silverstein, April, 678

- perivascular extravasation of Thorotrast (following carotid arteriography); report of case with 11-year follow-up, Luther W. Brady, Deck E. Chandler, Robert O. Gorson and John Culberson, March, 392

- retrograde catheterization of left ventricle from femoral artery and right common carotid: two methods supplementing each other: their indications and results (ab), W. Porstmann and W. Geissler, May, 869

- rupture of common carotid artery following radical neck surgery in irradiated cases (ab), Julius W. McCall et al, April, 698

**cerebellar**

- lateral medullary syndrome following vertebral angiography (ab), Bryan Ashworth and W. M. C. Allen, March, 498

**cerebral**

- angiographic demonstration of posterior communicating and posterior cerebral arteries. I. Normal angiography (ab), Georg-Fredrik Saltzman, May, 863

**communicating**

- angiographic demonstration of posterior communicating and posterior cerebral arteries. I. Normal angiography (ab), Georg-Fredrik Saltzman, May, 863

**ARTERIES, communicating—cont.**

—infundibular widening of posterior communicating artery studied by carotid angiography (ab), Georg-Fredrik Saltzman, April, 666

**coronary.** See Coronary Vessels

**femoral**

—experiences in aortography by femoral artery catheterization with Seldinger catheter (ab), B. F. Vaughan, April, 676

—iliofemoropopliteal arterial reconstructions for arteriosclerosis obliterans; factors influencing late patency (ab), Richard Warren and K. Leonel Villavicencio, Jan., 146

—retrograde catheterization of left ventricle from femoral artery and right common carotid: two methods supplementing each other: their indications and results (ab), W. Forstmann and W. Geissler, May, 869

**hepatic.** See Aneurysm, hepatic

**iliac**

—iliofemoropopliteal arterial reconstructions for arteriosclerosis obliterans; factors influencing late patency (ab), Richard Warren and K. Leonel Villavicencio, Jan., 146

**innominate.**

—enlargement of innominate and subclavian arteries, simulating mediastinal neoplasm (ab), Robert A. Green, April, 678

**mammary**

—percutaneous selective angiography of internal mammary artery (ab), Ored Arner et al, April, 679

**mesenteric.** See Thrombosis, mesenteric

**occlusion.** See Aorta; Arteriosclerosis; Thrombosis, mesenteric; other subheads under Arteries

**popliteal**

—iliofemoropopliteal arterial reconstructions for arteriosclerosis obliterans; factors influencing late patency (ab), Richard Warren and K. Leonel Villavicencio, Jan., 146

**pulmonary.** See also Aneurysm, pulmonary

—agenesis in pulmonary arterial circulation; 2 cases (ab), George F. Lull, Jr., and Richard R. Taylor, March, 505

—anomalous origin of the left coronary artery from pulmonary artery (ab), John D. Keith, Feb., 326

—aplasia or hypoplasia of one pulmonary artery: radiologic and pulmonary function studies (ab), J. M. Fisher and E. F. Van Epps, May, 870

—isolated infundibular stenosis (ab), S. Gilbert Blount, Jr., et al, April, 675

—retrograde aortography in corrected transposition of great vessels (ab), Otto G. Thilenius et al, June, 989

—roentgenographic signs of pulmonary artery occlusion (ab), Daniel J. Torrance, Jr., March, 504

**renal.** See also Kidneys, blood supply

—unilateral renal artery disease with hypertension (ab), Justin J. Cordonnier, May, 879

**roentgenography.** See also Aneurysm, carotid; Bones, diseases; Coronary Vessels; Extremities, blood supply; Pelvis, blood supply; etc.

—evaluation of neoplastic media: diatrizoate and diatrizoate (ab), Theodore B. Massell et al, Jan., 144

—experiences with Seldinger's technic of arterial catheterization (ab), H. A. Luke, April, 676

—simultaneous aortography and arteriography (ab), S. Masy et al, Jan., 143

—technical considerations of selective arteriography, Colvin H. Agnew, Robert N. Cooley, John Derrick and Lucas Bentley, Jan., 81

**subclavian.** See also Arteriosclerosis

—arteria lusoria (ab), Aldo Bigo and Roberto Dall'Acqua, June, 991

—enlargement of innominate and subclavian arteries, simulating mediastinal neoplasm (ab), Robert A. Green, April, 678

**trigeminal**

—patent primitive trigeminal artery studied by cerebral angiography (ab), Georg-Fredrik Saltzman, June, 982

**vertebral.** See also Arteriosclerosis

—lateral medullary syndrome following vertebral angiography (ab), Bryan Ashworth and W. M. C. Allen, March, 498

**ARTERIOGRAPHY.** See Aneurysm; Arteries; Coronary Vessels; Extremities, blood supply; Intestines, blood supply; Pelvis, blood supply; etc.

**ARTERIOSCLEROSIS**

—arteriosclerosis obliterans of lower extremity (ab), Donald J. Lulu, Jan., 147

—iliofemoropopliteal arterial reconstructions for arteriosclerosis obliterans; factors influencing late patency (ab), Richard Warren and K. Leonel Villavicencio, Jan., 146

—management of arteriosclerosis obliterans of extremities (ab), Fay A. LeFevre et al, June, 991

—postamputation radiographic evidence for small artery obstruction in arteriosclerosis (ab), Edward A. Edwards, June, 991

—surgical considerations of occlusive disease of innominate, carotid, subclavian, and vertebral arteries (ab), Michael E. De Bakey et al, March, 506

**ARTHRITIS, RHEUMATOID.** See Spine, ankylosis; arthritis in ARZUA ZULAIKA, E.: Radiology of calcified hydatid cysts of the liver (ab), Feb., 335

—DOMINGO TOLEDO, J., and de OTADUY, C.: Hodgkin's sarcoma of the stomach (ab), June, 992

**ASADI, A.:** Calcification of intervertebral disks in children (ab), Jan., 152

**ASHEIM, A.** See EDLING, N. P. G.

**ASHWORTH, BRYAN, and ALLEN, W. M. C.:** A lateral medullary syndrome following vertebral angiography (ab), March, 498

**ASIATIC FLU.** See Influenza

**D'ASTE, G., GANDOLFO, E., and SECONDO, G.:** Roentgenologic study of primary pleural tumors. Importance of stratigraphy in differential diagnosis from pulmonary cancer (ab), June, 988

**ASTHMA**

—complete bronchial obstruction in asthma: an unusual bronchographic hazard (ab), J. H. E. Carmichael and J. C. Woodrow, June, 987

—trigger mechanisms in asthma (ab), Richard H. Overholt, April, 672

**ASTLEY, R.:** Simple methods in the diagnosis of congenital heart disease (ab), April, 673

—PARSONS, C. G., and d'ABREU, A. L.: Cine-angiocardiology (ab), April, 673

**ASTROCYTOMA.** See Tumors, astrocytoma

**ASTWOOD, E. B.** See CASSIDY, CARLE

**ATELECTASIS.** See Lungs, collapse

**ATKINS, HAROLD L.** See KLICHERMAN, MORTON M.

**ATKINS, LEONARD.** See MCGOVERN, JOSEPH J., Jr.

**ATKINSON, JOHN B., MAHONEY, FRANCIS J., SCHWARTZ, IRVING R., and HESCH, JOSEPH A.:** Therapy of acute leukemia by whole-body irradiation and bone marrow transplantation from an identical normal twin (ab), Feb., 343

**ATLAS AND AXIS**

—congenital absence of odontoid process of axis; case (ab), E. L. Gillman, Jan., 137

—nontraumatic atlanto-occipital and atlanto-axial dislocation; case (ab), Elcby R. Washington, Jan., 137

**ATOMIC BOMB AND ATOMIC ENERGY**

—thyroid <sup>131</sup>I content of Victorian lambs in relation to nuclear weapon tests (ab), Lester Van Middlesworth and Roger Melick, April, 695

**AUTORADIOGRAPHY.** See Radioactivity, radiocarbon

**AUTOTOMOGRAPHY.** See Body-Section Roentgenography

**AVIAD, I., and STERK, V. V.:** Intermittent mediastinal widening in the nephrotic syndrome (ab), May, 868

**AWWAD, HASSAN K.:** The influence of x irradiation on the iodide-trapping mechanism of the human parotid gland (ab), Feb., 350

**AXILLA**

—axillary tumors as cause of false mediastinal mass shadows on lateral chest films, Frederick J. Bonte and Murry D. Schonfeld, Jan., 68

—cystic hygroma (ab), Frederick W. Fuller and Herbert Conway, Feb., 344

**B**

**BACK.** See Backache; Spine

**BACKACHE**

—place of lumbar discography in elucidation of low back pain with or without sciatica (ab), A. I. Rhydderch, June, 999

—spina bida with engagement of fifth lumbar spinous process: cause of low back pain and sciatica (ab), Carlos E. de Anquin, June, 998

**De BACKER, J.:** A case of idiopathic muscular hypertrophy of the esophagus (ab), Jan., 148

**BACLESSE, F.:** Breast carcinoma: roentgen therapy alone (ab), June, 1005

**BACTERIA**

—effect of continuous gamma irradiation of mice on their leucocyte counts and susceptibility to bacterial infection (ab), Carolyn W. Hammond et al, June, 1012

—positive roentgenograms plus positive sputum smears do not always equal pulmonary tuberculosis (ab), C. Allen Good et al, April, 669

**BAILY, NORMAN A., YODER, VIRGIL E., and BOZZINI, MIGUEL A.:** Gonadal dose in radiation therapy, May, 820

—See GRAHAM, JOHN B.

**BAJEK, ARNOLD J.** See LEVIN, CYRIL M.

**BAKAY, L.:** Radioactive phosphate concentration in the cerebral cortex (ab), Jan., 165

—BALLANTINE, H. T., Jr., and BELL, E.: P<sup>32</sup> uptake by normal and ultrasonically irradiated brain tissue from cerebrospinal fluid (ab), May, 886

**BAKER, DAVID H., and JENSEN, KENNETH M.:** Lymphosarcoma in the terminal ileum (ab), Feb., 332

—MAISEL, BERNARD, and GOLDBERG, HENRY P.: Use of pneumoperitoneum in differential diagnosis of paracardiac masses in children (ab), May, 868

**BAKER, HILLIER L., Jr., and HODGSON, JOHN R.:** Further studies on the accuracy of oral cholecystography, Feb., 239

**BALDRIGHI, V.** See DI GUGLIELMO, L.

**BALESTRA, EDMONDO:** Interstitial pneumopathy of unknown etiology (Hamman-Rich syndrome and microcystic lung changes) (ab), June, 986

**BALENTINE, H. T., Jr.** See BAKAY, L.

**BALLINGER, J. H.** See MULVEY, T.

**BARBANTI, A.** See TETTI, A.

**BARBER, HUGH R. K.** See GRABER, EDWARD A.

**BARBORKA, CLIFFORD J.** See TEXTER, E. CLINTON, Jr.

**BARIUM**

—See also Intestines, foreign bodies

—barium plaster as barrier to x-rays generated at 100 kvp and at 150 kvp, Howard L. Hallock, Arnold Feldman and Dmitry Morkovin, Jan., 111

- BARIUM**—*cont.*  
—effects of barium sulfate on lungs: clinical and experimental study (ab), James K. V. Willson et al, June, 1004
- BARNES, FREDERICK W., Jr.** See **POLACHEK, ABRAHAM A.**
- BARNES, LeROY L., SPERLING, GLADYS, McCAY, C. M., and BROWN, CLARK E.** The production of osteogenic sarcomas in rats with radioactive calcium (ab), Jan., 166
- BARNETT, JAMES C.** See **ARCOMANO, JOSEPH P.**
- BARNHARD, HOWARD J.** Roentgenographic time lapse studies of living bone. General considerations (ab), June, 994
- CONLIN, F. DIXON, LANE, JOHN W., and BRAD-SHER, OMER E.** Roentgenographic time lapse studies of living bone. A method of application to the dog (ab), June, 994
- BARONOFKY, IVAN D.** See **COOLEY, NORMAN V.**
- BARRICK, CLAUDE W., and FRY, KENNETH E.** Meckel's diverticulum: a case diagnosed by x-ray (ab), April, 682
- BARRKMAN, M. F.** See **KATZEN, MICHAEL**
- BASILAR BONE.** See **Sphenoid Bone**

 "Afterloading" applicator for radiation therapy of carcinoma of uterus, Ulrich K. Henschke, May, 834  
 Axillary tumors as a cause of false mediastinal mass shadows on lateral chest films, Frederick J. Bonte and Murry D. Schonfeld, Jan., 68  
 Barium plaster as barrier to x-rays generated at 100 kvp and at 150 kvp, Howard L. Hallock, Arnold Feldman and Dimitry Morkovin, Jan., 111  
 Cardiovascular injector, K. Amplatz, Jan., 79  
 Cavity chamber theory, W. C. Roesch, Jan., 109  
 Cell dosimetry, Arnold Feldman and Dimitry Morkovin, Jan., 112  
 Combination of vasodilators and radiation in experimental tumor therapy, Morton M. Kligerman, Fred M. Palace, Dora Kyryl and Harold L. Atkins, Jan., 94  
 Combined intraluminal esophageal pressure studies with synchronous cinefluorography, Theodore A. Tristan, Herbert J. Koerner and James S. Watson, Jr., Jan., 84  
 Combined radical radiotherapy and surgery in treatment of bronchogenic carcinoma, Raul Mercado, Jr., Fernando G. Bloodorn, Carlo A. Cuccia and R. Adams Cowley, Jan., 97  
 Comparison of resting gastric secretion of children and adults, Lawrence A. Davis, Jan., 70  
 Creatinuria as a possible index to radiation fatigue, S. Kurohara, P. Rubin and L. Hempelmann, Jan., 103  
 Demonstration of blockage and involvement of pelvic lymphatic system by tumor with lymphangiography and scintiscanograms, Erich K. Lang, Jan., 71  
 Effect of AET and MEG on rat thyroid I<sup>131</sup> uptake, M. S. Potsaid and Yosh Maruyama, Jan., 74  
 Improved automatic signal plotter, Arthur Cole, Jan., 112  
 Increased skin tolerance to high-voltage x-radiation in patients given methoxsalen: clinical observations on 30 cases, Cyril M. Levin and Arnold J. Bajek, Feb., 300  
 In-vivo dosimetry with miniature glass rods, Stanley J. Malsky, Bernard Roswit, Charles Amato, Cyprian B. Reid, Sol M. Unger and Charles Spreckels, Jan., 107  
 Microangiography of bone in study of radiation changes, Harley C. Carlson, Marvin M. D. Williams, Donald S. Childs, Jr., Malcolm B. Dockerty and Joseph M. Janes, Jan., 113  
 New developments in high energy electron therapy with the 35 Mev Brown Boveri betatron, M. Sempert, Jan., 105  
 New method of implantation of base of tongue, Thomas H. S. Wolever and Quentin T. Brooks, Jan., 102  
 On increasing the versatility of specialized equipment, Russell Wigh, Jan., 77  
 On measuring exposure dose in phantoms with thimble chambers, Gail D. Adams, Jan., 108  
 Perforated viscus in infants: a new roentgen sign, Roscoe E. Miller, Jan., 65  
 Preliminary survey of radium 226 and radium 228 (MsThI) contents of drinking water, Henry F. Lucas and Douglas P. Krause, Jan., 114  
 Preoperative irradiation of carcinoma of cervix: combined radiation-surgical treatment, Leonard Liegner, William Berry and Carl Oakman, Jan., 92  
 Recombination loss in ionization chambers in a pulsed beam, Robert Loevinger, Jan., 110  
 Relative biological effectiveness of 0.4-1.8 Mev neutrons for acute effects in mouse, J. L. Bateman, V. P. Bond and Elmer E. Stickley, Jan., 90  
 Scintillation scanning of normal human spleen utilizing sensitized radioactive erythrocytes, Philip M. Johnson, John C. Herion and Stewart L. Mooring, Jan., 99  
 Technical considerations of selective arteriography, Colvin H. Agnew, Robert N. Cooley, John Derrick and Lucas Bentjes, Jan., 81  
 Time-dose relationship of radiation: fibrosis of lung, John C. Evans, Jan., 104  
 Total-body scanner for high-energy gamma rays, J. S. Laughlin, J. W. Beattie, K. Corey, A. Isaacson and P. Kenny, Jan., 108  
 Ureteroceles in children, with emphasis on frequency of ectopic ureteroceles, John P. Dorst, Gerald H. Cussen and Frederic N. Silverman, Jan., 88  
 Yttrium-90 transnasal hypophysectomy: technic and dosimetry, Joseph L. Westover, Robert W. Rand and Moses A. Greenfield, Jan., 86
